

Akro-Mils Nest & Stack Totes Now Available In Clear

Akro-Mils, a North American leader in storage, organization and transport products, announces the expansion of its line of plastic Nest & Stack Totes with the addition of new Clear totes and lids.

Available in nine sizes, Akro-Mils' Nest & Stack Totes are the ideal solution for storage, transfer and shipping applications. The totes stack with or without optional lids and nest when empty to conserve space. The totes' high-density, industrial-grade polymers will not bend out of shape even when fully loaded. Its heavy-duty construction provides a longer service life, resulting in lower replacement costs than alternative products. In addition to the new Clear option, Nest & Stack Totes are available in Red, Blue and Gray.
