

New from Akro-Mils: Clear Industrial Attached Lid Containers

Akro-Mils, a North American leader in storage, organization and transport products, announces the expansion of its line of Industrial Attached Lid Containers with the addition of a new Clear option for three models — 39085 (21-1/2" L x 15" W x 9" H), 39120 (21-1/2" L x 15" W x 12-1/2" H), and 39170 (21-1/2" L x 15" W x 17" H).

Clear industrial Attached Lid Containers keep contents highly visible, and allow for quick identification of parts and supplies.

Injection-molded from industrial-grade polymers, Akro-Mils' Clear Industrial Attached Lid Containers are reusable plastic storage containers for use in shipping, distribution, order picking and storage applications. Attached lids snap securely closed to protect contents from dust or damage. Reinforced steel hinge pins provide years of smooth lid operation. These containers stack for maximized storage and nest when empty.

In addition to the new Clear option, Attached Lid Containers are available in Gray, Blue, Green and Red. For more information, visit <https://akro-mils.com/Products/Types/Plastic-Storage-Containers/Attached-Lid-Containers>.
