

Auto Bolt is Up and Running with Expanded Capabilities

Auto Bolt's latest investment, an M24 National 4 die Bolt Maker, is now up and running. We are accepting opportunities to fill customer requirements for larger diameter long length product. With the expanded capabilities, Auto Bolt can manufacture externally threaded and non-threaded product from 1/4" (M6) through 1" (M24) diameters on single and multiple station forming equipment, with long stroke capabilities to produce product up to 11 3/4" (300 mm) in length.

Auto Bolt, located in Cleveland, Ohio, is an independently owned manufacturer of quality fasteners since 1948. Auto Bolt specializes in offering both low and high volume performance and commercial fasteners. Auto Bolt is a leading provider of fasteners for various industrial, distribution and original equipment markets and applications to include Truck and Trailer, Military, Construction and Agricultural equipment, as well as Automotive components.

Contact us at 800.988.BOLT, or visit www.autobolt.net for all your fastener requirements.
