

IFI Announces Honors Recipient of Joe Greenslade Young Leadership Award

The Industrial Fasteners Institute (IFI) announced that the Joe Greenslade Young Leadership Award was presented to Nicholas Lessnau of MNP Corporation at the 2023 Annual Meeting of the Industrial Fasteners Institute in Napa, California.

Nicholas Lessnau, serves as Account Manager at MNP Corporation in Utica, Michigan. He is the second honoree to receive the Joe Greenslade Young Leadership Award in recognition of outstanding contributions in the first 10 years of his career in the areas of fastener metallurgy, manufacturing process optimization, product development, and his contributions to the development of fastener industry standards and practices. The award was presented at the 2023 Annual Meeting of the Industrial Fasteners Institute (IFI) in Napa, California on March 7, 2023.

The Joe Greenslade Young Leadership Award was instituted in memory of Joe Greenslade, who served as IFI Technical Director from 2007 to 2015. The Award recognizes individuals who, early in their career, have contributed in a significant way to the fastener industry. One of Joe Greenslade's passions was to mentor and encourage young people to reach their full professional potential. In the spirit of its namesake, the Joe Greenslade Young Leadership Award recognizes the importance of upcoming generations to the continued success and evolution of the fastener industry.

Visit IFI's website at <http://www.indfast.org/info/award.asp> to submit a nomination for next year's Joe Greenslade Young Leadership Award or the Soaring Eagle Award program.
