

J.W. Winco Offers Stainless Steel Arched Pull Handles

J.W. Winco, Inc., a leading supplier of standard industrial machine components, announced it now offers GN 565.9 Stainless Steel Arched Pull Handles, Tapped or Thru Hole.

These RoHS-compliant Arched Pull Handles are made of 304 stainless steel and feature a matte shot-blast finish. The modernly designed handles are suitable for door or drawer applications on medical, pharmaceutical, packaging and any other equipment that requires them to endure corrosion-free environments. The thru hole version accepts 10-32 UNC and 10-24 UNC inch size socket cap screws and metric size M5 (DIN 912) socket cap screws. The tapped version accepts an M6 x1.0 pitch fastener of choice. In addition, various inch and metric size fasteners and kit packaging are available upon request.

J.W. Winco offers an extensive selection of inch and metric size adjustable levers, cabinet U-handles, plastic and steel hinges and locking mechanisms, revolving and retractable handles, hand wheels, hand cranks, tube connection and conveyor components, inch and metric construction tubing, shock absorption mounts, leveling mounts, hand knobs, spring, ball and indexing plungers, jig, fixture and fastening components, retaining magnet assemblies, toggle clamps, metric casters and wheels, universal joints, oil sight glasses, and metric tools for the industrial and commercial equipment industries. J.W. Winco's website catalog, with 3D CAD and online buying, is viewable at www.jwwinco.com.

For more information, contact J.W. Winco at [800-877-8351](tel:800-877-8351), by fax at [800-472-0670](tel:800-472-0670), online at www.jwwinco.com, and via email at sales@jwwinco.com.
