

J.W. Winco, Inc. Offers Stainless Steel Fork Heads

J.W. Winco, Inc., a leading supplier of standard industrial machine components, announced it now offers GN 71752 Stainless Steel Fork Heads, Plain Fork Type, in inch sizes.

These RoHS-compliant fork heads are mainly used with pneumatic or hydraulic cylinders. They are made of stainless steel, European Standard No. 1.4301 (American Standard Series 304). Standard and left hand thread types are both available. A steel version is also sold by the company.

J.W. Winco offers an extensive selection of inch and metric size adjustable levers, cabinet U-handles, plastic and steel hinges and locking mechanisms, revolving and retractable handles, hand wheels, hand cranks, tube connection and conveyor components, inch and metric construction tubing, shock absorption mounts, leveling mounts, hand knobs, spring, ball and indexing plungers, jig, fixture and fastening components, retaining magnet assemblies, toggle clamps, metric casters and wheels, universal joints, oil sight glasses, and metric tools for the industrial and commercial equipment industries. J.W. Winco's website catalog, with 3D CAD and online buying, is viewable at www.jwwinco.com.
