

J.W. WINCO, INC. NOW OFFERS INCH SIZE HOLLOW KNURLED KNOBS

NEW BERLIN, WI -- August 21, 2015 -J.W. Winco, Inc., a leading supplier of standard industrial machine components, announced it now offers GN 421 Nylon Plastic Hollow Knurled Knobs with Threaded Stud, in new inch as well as metric sizes.

These RoHS-compliant knobs are made of black nylon plastic with a smooth, glossy finish. The threaded stud is zinc plated steel, molded-in. Various threads and stud lengths are offered.

The straight knurling on the knob surface provides a comfortable yet secure grip for fine adjustments or clamping. Knobs have a maximum heat resistance of 110°C (230°F). For certain minimum quantities, other colors are available upon request.

J.W. Winco offers an extensive selection of inch and metric size adjustable levers, cabinet U-handles, plastic and steel hinges and locking mechanisms, revolving and retractable handles, hand wheels, hand cranks, tube connection and conveyor components, inch and metric construction tubing, shock absorption mounts, leveling mounts, hand knobs, spring, ball and indexing plungers, jig, fixture and fastening components, retaining magnet assemblies, toggle clamps, metric casters and wheels, universal joints, oil sight glasses, and metric tools for the industrial and commercial equipment industries. J.W. Winco's website catalog, with 3D CAD and online buying, is viewable at www.jwwinco.com.
