

2016 Las Vegas Fastener & Mill Supply Expo: Exhibit Space Sales are Booming

Looking toward a bright future, focused on buyer and vendor success

Exhibit space sales for the National Industrial Fastener & Mill Supply Expo, scheduled for October 25 - 27, 2016, are off to a successful start, according to Expo management. The Expo will be held at the Sands Expo & Convention Center in Las Vegas, Nevada.

“The 2015 exhibitors are being assigned by priority points and log in at appointed times to select their booths,” said Susan A. Hurley, CEM, show director. “Eighty-five percent of the companies have met their appointments and selected booths, and we already have contracts from several new companies. In addition, nearly 10 percent of the returning companies are expanding their booth space.

“We are excited about the acquisition of the show by Emerald Expositions on November 12 and are looking forward to the added value their expertise will bring to the show. Emerald’s success in marketing and business growth will surely benefit our vendors and attract more buyers and professionals to the event. Our focus this year is to bring more specialty tool and other related industry suppliers and buyers to the show.”

The World’s Largest Fastener Expo will feature an all-day conference program on Tuesday, October 25, followed by the industry’s biggest networking cocktail event that evening.

The Expo will be open from 9 a.m. to 4 p.m., Wednesday, October 26 and from 9 a.m. to 1 p.m., Thursday, October 27. Online visitor registration for the Expo is scheduled to open the first week of June at www.fastenershows.com.

About National Industrial Fastener & Mill Supply Expo

Since the inception of the first National Industrial Fastener Show in 1981, we have strived to bring together the manufacturers and master distributors of industrial fasteners, precision formed parts, fastener machinery & tooling and other related products and services to conduct business in a successful and productive way at the World’s Largest Fastener & Mill Supply Expo.

National Industrial Fastener & Mill Supply Expo is one of 90 premier trade events owned and operated by Emerald Expositions, a leading producer of large business-to-business trade events. Emerald Expositions, based in San Juan Capistrano, California, produces shows and conference events globally that connect more than 525,000 buyers and sellers

across nine diversified end-markets. Markets covered include general merchandise, sports, hospitality and retail design, jewelry, photography, decorated apparel, building, healthcare, manufacturing and military.
