

DLP Coatings Redesigns Website

DLP Coatings, specializing in fastener and hardware painting, has launched a newly redesigned website. Visit www.dlpcoatings.com.

DLP offers services for any size fastener or miscellaneous hardware, any metal alloy, stainless steel, plus most aluminum and plastic, and any size order (no minimums). They use state-of-the-art technology to scan and formulate your color matches, then store and retrieve color standards for future orders.

DLP brings more than extensive coating expertise. They strive to offer additional value where they can to their customers, in every step of the production process. DLP's skilled team is here to help simplify your workflow, taking raw product to retail-ready. In addition to these services, DLP is able to offer customized solutions.

- Packaging
- Assembly
- Identification
- Labeling
- Sorting
- Kitting
- Waxing
- Lean Manufacturing
- Kanban Inventory Management Systems
