

## **Register Now for 2016 NFDA Executive Summit**

NFDA's fourth annual Executive Summit is scheduled for November 6-8 at the Four Seasons Resort in Scottsdale, Arizona.

Over the past three years, this very successful meeting format has focused on peer-to-peer learning in a relaxed environment. Past meeting locations have included Maui, Naples and Key Biscayne, Florida.

At the summit, four relevant business topics are presented that are appropriate for any size business. Each topic is presented by a fellow NFDA member who is an experienced industry professional. The goal of each session is to share the best practices through thought-provoking, interactive, and creative dialogue with people you can trust.

Past topics have included:

- Best Practices Exchange: Sales/Marketing
- Best Practices Exchange: Human Resources
- Best Practices Exchange: Warehouse Operations
- Best Practices Exchange: Lean Training
- The Ins and Outs of Selling Your Business or Buying a Business To Grow Your Company
- The Benefits of a High Performance Culture
- What Shapes Your Supply Chain?
- Fastener Technology Update
- Doing Business in Mexico
- Culture as a Competitive Advantage
- Competitive Manufacturer/Master Distributor & Distributor Strategies
- Success with CRM

This year we offer:

- Talent Management and Recruitment
- Technology Tips for Distributors
- Maximizing the Benefits of the Changing Business Environment
- The 10 Stages of Corporate Life Cycles

This peer-to-peer learning experience provides tremendous take-home business opportunities that can immediately impact your company's performance.

The NFDA Executive Summit is an opportunity to talk about real industry challenges and opportunities that exist in our business environment. Take a moment to review the list of topics presented/discussed over the past three meetings.

If you have attended these retreats in the past, have you brought back ideas that have made a difference in the performance of your company? If you have not attended an

Executive Summit, and after reviewing the topics presented, might your company be in a better position today if you had participated?
