

## **NIFMSE taps FIC to Select Future Inductees to ‘Hall of Fame’**

National Industrial Fastener and Mill Supply Expo (NIFMSE) is pleased to announce the partnership with Fastener Industry Coalition (FIC) to select the future inductees into its annual ‘Hall of Fame.’

We are excited that Emerald Expositions has reached out to the Fastener Industry Coalition board, as the FIC is comprised of fastener associations from across the country.

FIC board members will review all nominations and select the 2016 ‘Hall of Fame’ inductee. NIFMSE nominations are now open, and entry forms must be submitted by February 28, 2016. For more information, visit [fastenershow.com](http://fastenershow.com).
