Guidance in Uncertain Times: ITR Economics' Outlook for the U.S. Economy

Two critical questions facing the business community today are:

1. *"What will be the overall health and vibrancy of the U.S. economy going forward?"*
2. *"How can I be profitable, let alone make critical strategic decisions, in the midst of such economic uncertainty?"*

During [this session](#), [ITR Economics'](#) Senior Analyst Alex Chausovsky will provide insight on what to expect this year and beyond, covering such topics as:

- Consumer trends, interest rates and credit markets
- The national debt, the status of the US dollar and exchange rates
- Business to business activity, oil prices, and emerging economies
