

PennEngineering® Launches Newly Designed Website with Enhanced Capabilities

PennEngineering® has launched a newly designed website (www.pemnet.com) introducing enhanced capabilities, unprecedented functionality, and simplified search tools and links enabling user-friendly access to the Company's entire line of fastener products, installation technologies, and engineering and technical support. The site ultimately serves as a comprehensive fastening resource center providing attachment and assembly solutions for diverse industries worldwide, including general and consumer electronics, computer, data/telecom, medical, automotive, marine, aerospace/aircraft, and general industrial and manufacturing.

Noteworthy enhancements include full Google®-driven searches backed by an optimized search engine, multiple-language Google-translate capabilities, and ready access to the site from mobile platforms anytime and anywhere in the world. The site also integrates a link to download the free PEMspec™ App for iOS® and Android™ systems allowing users to ascertain critical installation dimensions for selected PEM® fasteners.

Users can additionally benefit from the site's complete product profiles, extensive CAD library, fastener selector and part search tools, embedded videos, tutorials and animations, product literature for free download, technical assistance links, environmental compliance and quality certification information, and the latest Company and technology news, among many other resources.

Headquartered in Danboro, PA, USA, and founded in 1942, PennEngineering is expert in the development and manufacture of precision fasteners, components and systems, specializing in thin sheet attachment solutions. The Company's manufacturing and technical facilities in the United States, Europe, and Asia are supported by a worldwide network of authorized engineering representatives and distributors.

For more information, visit www.pemnet.com, email info@pemnet.com, or contact Michael J. Rossi, PennEngineering®, 5190 Old Easton Road, Danboro, PA 18916-1000 USA. Phones: +1-800-237-4736 (toll-free in the U.S.) or +1-215-766-8853.
