

## **Rick Pully Joins Screw Products as Vice President of Sales**

**Gig Harbor, WA, (July 9, 2015)** - Rick Pully has joined Screw Products, Inc., as Vice President of Sales. He is responsible for strengthening ties and developing new business among the country's distributors as well as establishing sales strategies and objectives with the company's national network of independent representatives.

Prior to joining Screw Products, Pully spent the past 14 years in construction specialty fastening with Illinois Tool Works. Jim Miller, President and CEO of Screw Products, Inc., says, "Rick possesses a deep understanding of the industry as well as the needs of our many and varied customers. He will be a valued and knowledgeable asset to our staff, territorial sales agents and clients as we expand our brand throughout the nation and more extensively into the international marketplace. "

Screw Products, Inc., offers the ultimate interior and exterior fastening solutions for deck, construction lags, general purpose, drywall, cabinetry and finish work. Screw Products, Inc., also provides, DeckLok and RailLok, the ultimate patented lateral anchoring systems with newly updated ICC approvals.
