

Jeff Sharp Joins PennEngineering® as Director of Global Quality

Jeff Sharp has joined PennEngineering® as Director of Global Quality, it was announced today by the Company. Sharp will be responsible for leading and directing the Corporate Management Control System.

Sharp has particularly relevant experience and expertise in the quality arena. He most recently served as Customer Quality Manager for the Fletcher Brake Caliper Division of Continental, one of the world's largest automotive suppliers. Prior to Continental, he served as Vice President of Quality and Six Sigma consultant for the Quality Institute of America and previously held quality-driven positions at AF Global (formerly Ameriforge Group) and Elkay Manufacturing.

Sharp holds seven ASQ certifications, which represent formal recognition of proficiency by the ASQ governing body, and is well versed in the TS 16949 and AS 9100 quality certification processes within the automotive industry. He additionally is a Six Sigma Black Belt.

Headquartered in Danboro, PA, USA, and founded in 1942, PennEngineering is a global leader in the fastening industry with technical and manufacturing facilities in the United States, Europe, and Asia supported by a worldwide network of authorized engineering representatives and distributors.
