

## **Wrought Washer Acquires Diversified Tooling Innovations**

On February 17, 2023, Wrought Washer Mfg. completed the acquisition of Diversified Tooling Innovations in Racine, Wisconsin. Wrought Washer is a manufacturer of washers, bushings and spacers in Milwaukee, Wisconsin.

The acquisition of Diversified Tooling expands and strengthens Wrought Washer's CNC and tooling capabilities. Diversified Tooling will be operated separately as a wholly owned subsidiary of Wrought Washer. We wish to maintain the business arrangements with current Diversified Tooling customers. Plans are to concentrate on stamping at Wrought Washer and utilize Diversified Tooling as the primary source for machining.

Wrought Washer is a supplier to automotive, construction, heavy truck, large equipment, and industrial industries with approximately 140 employees.

All current Diversified Tooling customers' commitments and open orders will be honored. A representative will be reaching out to answer any questions you may have.

In the meantime, please feel free to contact us. Wrought Washer is located at 2100 South Bay Street, Milwaukee, Wisconsin 53207. Call 414.744.0771, fax 414.482.0144, or call toll-free at 800.558.5217. Visit [www.wroughtwasher.com](http://www.wroughtwasher.com).
