This event, brought to you by The Olander Company, will be conducted Round Robin format which will enable quick, focused opportunities to meet those who can potentially enhance your career and business alike. We all have the desire to boost our careers to become more successful, and with speed networking, each attendee is guaranteed to meet more people than he/she typically would using traditional networking during the same amount of time.

Whether you are an introvert or extrovert, young in your career or an experienced professional – you will enjoy meeting others in this fun and effective atmosphere. Networking can be one of the most powerful and productive activities an individual can do to launch and manage their career. Continually building an interconnected group of relationships is at the core of a person's effectiveness both professionally and personally.

This event is the **only** formal networking event of the Fastener Show so, if you are looking to accelerate your business contacts or just simply connect and communicate with others in the fastener industry, please visit
